In. Wn. H. GREGO- Dear Sir; In February, 1861, 1 at low figures. was afflicted with the sugar diabetes, and for five months I pa sed more than two gallens of water in 24 hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about 50 pounds in weight. During the month of July, '61, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured, soon after regaining my usual good good health. Yours, truly, J. V. L. DE WITT.

BOSTON CORNERS, N Y., Dec. 27th, 1861. WM. H. GREGO & Co.

Gents: I freely give you liberty to make use of the following certificate of the value of Constitution Water, which I can recommend in the highest manner. My wife, who was attacked with pain in the shoulders, whole length of back, and in her timbs, with Palpitation of the Heart, stiended with Falling of the Womb, Dysmenorrhoea, and irritation of the Bladeer. I called a physician, who attended her about three months, when he left her worse than he found her. I then employed one of the best physicians I could find, who attended her for about nine m-nths, and while she was under his care she did not suffer quite as much pain; he finally gave her up and said, "her case was incurable" For, said he, "she has such a combination of complaints, that medicine given for one operates against some other of her defficulties." About this time she commenced the use of Constitution Water, and to our utter astonishment, almo t the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced apermatient cure. WM M. VANBENSCHOTEN.

MILFORD, CONN., November 19th, 1861.

Dear Sir, I have for several years been afflicted with that troublesome and dangerous disease, Gravel, which resisted all remedies and doctors, until I took Constitution Water, and you may be assured that I was exceedingly pleased with the result. It has entirely cured me, and you may make any use of my name you may see fit in regard to the medicine, as I have entire confidence in its Yours truly, POND STRONG.

It threatens a radica change in the institutions and principles upon which the Government was founded, and the destruction of the liberty and rights of the citizen, such as the people of no other nation have enjoyed, and t which may be attributed our unequaled progress in national prosperity and greatness. The issue will soon be upon us, whether this free Government shall be preserved and maintained and the rights of the States under the Constitution perpetuated, or a powerful central authority be permitted to grow out of this war, obliterating State lines, State institutions, and all those checks upon the Federal Government, rights reserved by the States, which have constituted the excellence and supe riority of our nationality-States "one as the sea" for the common objects set firth in the Constitution, but "distinct as the billows" in the management of their purely deme tic affairs. STATUTES OF INDIANA.

GAVIN & HORD'S REVISION. The second volume of Mesers.Gavin & Hord's compiletion of Indiana Statutes has just appeared. This volume completes their work. Its mechanical execution is ver creditable; and the skill, learning, and labor which the editors have bestowed on it, merit the highest praise. None but learned, diligent lawyers could have produced

The second volume embraces all the public statutes of Indiana now in force upon the subjects to which it relates. and the first all excepting the acts of the last regular and extra sessions of the Legislature. It is a great excellence of the compilation that all existing statutes on each subject are collected together in the same place in these volumes; so that the reader can see at a glance all the legislation in force on any given subject. Take, for example, the act of 1852, organizing Courts of Common Pleas-the editors publish the act at large, and they also print, in the form of notes on the same pages containing this statute, all the acts amendatory to it which have been passed up to this time. And so they have done of all the other acts contained in the revision of 1852.

The editors have added much to the value of these volmes-especially the last-by the copions and learned poles with which the volumes abound. These notes indicate much labor an legal actimen. They furnish us, in a concise and accurate form, with all the adjudications of our Supreme Court on these statutes. These adjudications being now very numerous, the references to them decide upon the questions which affect alike their own in the volumes under consideration, will be of great value to the lawyer, and indeed to all persons concerned in the administration of Justice. The editors have also referred, Will soon assemble, and the most important questions in their notes, to numerous decisions in other States,
